

Monitor SCHOOL FAIR, Friday, September 17th

THE MONITOR NEWS

VOL. 5

MONITOR, ALBERTA, FRIDAY, SEPTEMBER 3 1920.

NO. 37

The West Regent Oil and Gas Company

The above picture was made from a good photograph taken by Mr. J. Dumas, the President of the company, when the machinery was first set in motion. Unfortunately however, the outfit is being handicapped through an inadequate supply of water. 250 barrels of water a day are required to keep the wheels turning.

This is a 'close-up' of the above, showing the modern Rotary Drill in operation. This drill is the last thing in drilling machinery, and is capable of very rapid progress. This company is not to be confused with the Regent oil company, which recently went out of commission.

Local Happenings

The drizzling rains experienced this week have considerably retarded the threshing operations in the district, which would otherwise be in full swing. It is not expected that much damage resulted from the rains.

For the benefit of those who are not informed, we are publishing hereunder Section 66 of the Village Act, as recently amended.

66 Any sum thus paid by the village to the hospital may be recovered from the patient by action or by distraint by the treasurer of the village, or if deemed advisable it may be added to and form part of the taxes levied by the village against any land owned by the said patient, and shall be collectible in the same manner and to the extent as all other taxes, and in event of death of said patient the council may recover the said sum from his estate, if any.

The potato crop of the district is not turning out as well as was at first expected. Our individual experience is that the tubers have started a second growth as the majority of the spuds had commenced to sprout in the ground, and a lot of them had turned soft. From information turned in here, we gather that several others in this locality are similarly affected.

Local Happenings

D. F. Cochran was up to see us last week, to put an advert in the paper about a horse that he had lost. While he was here he paid up his subscription, and then asked if we had anything else to trade or sell. We told him we could sell him a marriage licence. This apparently tickled Dave to such an extent, that he bought one. However, the glamour of possession soon wore off, and Dave tried to trade the licence to someone else. The only person who would trade with him though, was a minister, so blimey an strike me pink if Dave didn't go and get married. Yessir, he married Miss Irene Bree of Kipriemuir, either the same day or the day after. Hores hoping that Mr. and Mrs. Cochran will live long enough to drink deep of the cup of happiness. The best wishes of the district are extended to the happy couple.

Butch McCarron was in town with a load of Rye (grain) last Wednesday. It looked good. The average yield per acre is 18 bushels. Those contemplating sowing Fall Rye should act quickly.

Navy Oarsmen To Race at Olympic Games

Monitor At Last Secures A Physician And Surgeon

As stated in our last issue of the news, we have with us, as new residents of the district, Doctor and Mrs. Mason, recently of England, and in order that our readers may be better acquainted with them, we are publishing hereunder, a brief autobiography of them.

W. F. Mason, L.R.C.P. L.R.C.S. (Edin) L.R.F.P. & S. (Glas) was born in the year 1886 at Leeds, Yorkshire, England, and decided at an early age, that he would follow in the foot steps of his father who was, and is yet, practicing medicine. He studied at Leeds University Medical School, from which he qualified with the above degrees which mean Licentiate of the Royal College of Physicians, Licentiate of the Royal College of Surgeons (Edinburgh) and Licentiate of the Royal Faculty of Physicians and Surgeons (Glasgow). Following his qualification, he served for seven months as house surgeon to Sir Berkeley G. A. Moynihan, then for 8 months he served as resident officer at the Leeds General Infirmary as Obstetric Officer. He joined the Territorials in the year 1907, and obtained his commission in the R.A.M.C. in January 1917. He saw service in France for 2 weeks, and was then drafted to India, being torpedoed while en route to that country, in Mediterranean Sea. After his arrival in India he was sent up for duty with the first division at Peshawar.

From there on he was transferred to Risalpur as Medical Officer to the 21st. (E of I)

Laureates and here he stayed for 6 months. At the end of this time, he was transferred to Nowshera, being appointed Medical Officer to the 7th Brigade, R. F. A. (16th, 7th, and 27th) in turn. Saw service in the 1919 Afghan Campaign with the 7th Brigade R.F.A. Returning for demobilization on January 28th, 1920, he left for Canada on July 31st, and located in Monitor on the 24th of August.

Mrs. Mason was born at Howden Yorkshire, and commenced her nursing training at the Hull Victoria Hospital. After three years training, she went to Leeds and there satisfactorily completed her training. She was later appointed as Sister-in-Charge of the Childrens Ward at the Leeds Hospital, which position she filled with honor for four and a half years. She met the doctor at Leeds in 1914, and was married in Hull in June, 1920. Mrs. Mason spent a considerable time of her recent nursing experience in Nursing wounded Tommies at Leeds Hospital.

Ther now folks, you have met Doctor and Mrs. Mason. Monitor is indeed fortunate in securing such eminently desirable citizens. May they be long spared to dwell with us.

Mr F Davidge left on Monday's train for Toronto, where he will continue his studies at the University. He was accompanied as far as Moose Jaw by his brother Rev. E Davidge, who expects to meet his wife there.

It Is Not Enough

to have the bowels move. It is more important to persuade liver, kidneys, skin, and bowels to act in harmony and against self-poisoning. BEECHAM'S PILLS act favorably upon all organs concerned in food-digestion and waste-elimination; they remove causes as well as relieve symptoms.

BEECHAM'S PILLS

Worth a Guinea a box.
Sold everywhere in Canada. In boxes, 25c., 50c.

Passing Events

Second only to the perverted view held by a vast majority of people that the chief aim in life is the amassing of money and the enjoyment of those fleeting pleasures and luxuries which money can procure, is the gullibility of the public in snatching at get-rich-quick schemes which unscrupulous but clever promoters and swindlers dangle before the people. The idea that there is something fine and noble in work itself, in worthy ambitions realized, in service well rendered, and that a monetary reward is not the be-all and end-all of existence appears to be fast dying out, and a person's success or failure in life has come to be measured by the standard of his success in amassing money. It is a false standard and an unsatisfactory one. The truly successful men and women are those who can point with conscious pride to some real achievement benefiting themselves and their fellow men.

The desire to get money not honestly earned—which can only be gained by one individual through the loss by some other individual—and to get it quickly and without effort is the bait used on every trap set for the unwary, and for every one who does obtain wealth in this ill-gotten way there are hundreds of victims who lose. The latest example is furnished by the operations of a man named Ponzi, at Boston, who promised to pay 50 percent profit in ninety days on moneys invested with him. Thousands of people entrusted him with their money to a total of many millions of dollars. Now he is bankrupt and in prison, while his victims are sadder, but it is doubtful if they are wiser. The only safe road to wealth is along the cultivation and practice of habits of industry, frugality, perseverance and care. And even this road may not lead to the desired haven. But if it does not, there need be no regrets for travelling along such a road a person will at least have the satisfaction of accomplishing something, and leaving the world better than he found it.

Indications as to the relative degree of activity prevailing in business circles in Eastern and Western Canada are shown by various statistical tables for the month of July last, and these reveal the fact that, while development in the East is only about holding its own with last year, in the West very marked strides forward are being made. Building permits issued in July in 26 Eastern cities totalled \$7,242,536 as compared with \$6,919,444 in July, 1919, an increase of

only \$271,495, whereas in fourteen Western cities permits issued amounted to \$5,098,650 as compared with \$1,726,595 a year ago, or an increase of \$3,372,055.

Several large Eastern manufacturing concerns have shut down portions of their plants temporarily, or have reduced their staffs, thus throwing a considerable number of men out of employment, one firm alone, which has run three shifts of workers for the past nine years, cutting the number to two and releasing 600 men from employment.

On the other hand, the annual influx of harvest hands into the West has brought thousands of young men here, and the banks are anticipating the need of generous assistance from the federal government in the task of financing the marketing and transportation of the 1920 grain crop which promises to be the best for some years past.

In this column some weeks ago the advice was tendered to all who could possibly do so to buy their winter's supply of coal and get it in storage during the summer months before the grain crop began pouring into the elevators for transportation to the lake ports. Those who followed this advice will unquestionably be glad of it, not only because they are assured of an adequate fuel supply in the face of a probable shortage, but because of the money they will have saved thereby as it now seems almost a certainty that there will be a decided increase in freight rates and a consequent substantial jump in the price of coal. In these modern and more commercial days the parable of the wise and foolish virgins still holds good. We call it "Preparedness" or taking time by the forelock, that is all.

Guilty of Assassination

A man, razor in hand, was caught by his wife assassinating not an enemy, but a corn—which he needed was Putnam's Corn Extractor. It's safe, painless and cures. Try "Putnam's"—cures so fast, 25c. at all dealers.

New Canadian Warships

Cable advices received at Ottawa by the Naval Department state that the cruiser Aurora, and the destroyers Patriot and Patrician, will be in commission October 1, and will in all probability proceed to Canada in the week following. These three vessels, together with two submarines now in Canadian waters, comprise Canada's new fleet.

INSTANT POSTUM

—invariably high in quality and invariably moderate in price. A Fair Trial Tells.

Canadian Postum Cereal Co., Ltd., Windsor, Ont.

Perfects Aeroplane To Explore Africa

Easily Attains Speed of A Hundred Miles an Hour

A new type of hydro-airplane, operated by three helices, has been completed, and will be marketed soon by Jean Latham, son of Hubert Latham, who two years before the war met his death while hunting in the Congo.

Scientists here prophesy that Mr. Latham's invention will greatly facilitate exploration work in the interior of France's colonies, as it combines three great factors—speed, carrying power and comparative lightness of equipment, and furthermore is able to use the smallest streams in case of accident.

The cabin contains room for four passengers, as well as compartments for reserve supplies of petrol, food, wireless apparatus and machine guns, all of which are in a birch bark canoe body. All the machinery for the operation of the craft is above the heads of the passengers.

In trial tests the hydroplane, carrying three tons, mounted half a mile in four minutes, a mile in eight minutes and three miles in thirty-four minutes. The speed test showed a maximum of a hundred miles an hour, which was easily attained.

High Prices at Cattle Fair

The Brandon Cattle Fair had its usual success and bidding was keen and prices high. The highest price, Aberdeen Angus, "Blackbird of Glen-carnock," brought \$3,000, and won the Female Grand Championship. The animal was retained to Canada by a Bowden, Alta., ranger. In all 65 Aberdeen Angus and 83 Shorthorns were sold.

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevents stomach and bowel troubles, or if the trouble comes suddenly—as it generally does—the Tablets will bring baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Movies of Hudson Bay Country

The great naval seaplane of the Canadian Aero Film Company has left on an 800 mile trip to Hudson Bay, where pictures will be taken for the provincial government and a survey made for the Dominion Government. The plane is bound for Belcher Island on the west coast of Labrador in the Bay, and stops are being made at North Bay, Cochrane and Moose Factory.

Externally or Internally, it is Good.

When applied externally by brisk rubbing, Dr. Thomas' Eucalypti Oil opens the pores and penetrates the tissue as few liniments do, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will cure affections of the bronchial tubes and respiratory organs. Try it and be convinced.

Keep Thin in Middle Age

Corpulence May be Reduced by Abstaining from Fat Meats

Adding to the bulk of the body in middle age is risky. This does not mean that the diet should be Spartan. It must be simple and moderate. Tasty dishes tempt stout people to eat too freely. Corpulence may be reduced by abstaining from fat meats, sugar, soups and pastry. Bread and potatoes should be eaten sparingly. Fresh fruit and green vegetables may be taken in moderation. No sedentary middle-aged person can eat hearty meals habitually without impairing health and curtailing the span of years. The diet must be plain and digestible, and the quantity eaten limited strictly to the repair of tissue expended in work.

Minard's Liniment For Sale Everywhere.

AVOID ALUM IN FOOD

Baking Powder is one of the most important food ingredients. Alum or other injurious acids are frequently used by some concerns to lower the cost of production.

MAGIC BAKING POWDER

Contains No Alum

It is a pure phosphate baking powder and is guaranteed to be the best, purest and most healthful baking powder possible to produce.

W. Matthew Williams, in "Chemistry of Cooking," says: "Phosphates are the bone-making material of food and have something to do with building up of brain and nervous matter."

Made in Canada

A Shocking Tragedy

Three Hundred Patients on Hospital Ship are Drowned

Particulars have reached Stockholm of a terrible catastrophe which occurred on the Neva recently, when a hospital ship sank with 1,200 spotted typhus patients on board. It was an old German vessel. The patients were locked up in their cabins. Before the ship sank it was plundered by the Bolsheviks, who unconcernedly left the patients to their fate. About 300 are believed to have been drowned. Nothing is mentioned of the matter in the Bolshevik papers except that 200 of the crew perished.

Minard's Liniment for Dandruff.

Saves Three Lives

George Bastien is to be recommended for the Humane society medal, for having saved the life of two bathers at Nohel, Ont. It is also stated he saved another life at Sault Ste. Marie some weeks ago.

Buafalco, an Italian painter, drew caricatures in the fourteenth century, putting labels with sentences to the mouths of his figures.

Vanderbilt Buys an Island

Cornelius Vanderbilt, Jr., states that he has purchased for his wife an island in Sproat Lake, near Alberni, Vancouver Island. He intends to construct a hunting lodge at which he and his wife will spend vacations.

Tax Recovery Act

To all parties Whom it may Concern:

Take notice that the provisions of the Tax Recovery Act are operative for the year 1920 within the bounds of every municipality, urban and rural, and every Improvement District of the Province of Alberta. The land will be advertised for sale, as soon after August 14th as possible, by the Municipal taxing authority and on the day and hour and at the place mentioned in the advertisement, will be sold for the taxes in arrears as of date December 31, 1919, together with the costs Owners, mortgagees, encumbrances, and any others interested should communicate with the municipal authority levying the tax. The arrears and costs may be paid up to the time of sale, and after the sale there is one year for the redemption of the land.

J. H. Lamb

Deputy Minister of Municipal Affairs.

Considerable success has been met with by the committee in charge of collecting the prizes for the local School Fair, which will be held here on the 17th of this month. We understand that so far their efforts have resulted in the sum of \$200.00 being collected. This is indeed a splendid showing for the district, and it is confidently expected that although we started so late in the season to prepare for the fair, and the weather has not been all that could be desired for growing exhibition stuff, the Fair will be a success. Mr. Hargrove, Principal of the school is sparing neither time nor effort to keep alive the interest of the scholars and all concerned in his capacity as Chairman of the Fair Committee. Remember the date September 17th. Next week we hope to publish in these columns a full list of the prizes and events that will take place. The prize list will be printed early next week.

— BY —
ARCHIE P. McKISHNIE

Printed by Special Arrangements with Thos. Allen, Toronto, Ont.

(Continued.)

"And nobody can spoil his work," said Gloss gently, "dear old Bill." "Run along children," laughed Peeler. "I've got my pockets full of things that Paisley sent to town for silk thread, silk cloth—three dollars a yard; look here." He tapped one of his large, bulging pockets. "Bill's gone into the dress-makin' business, it seems."

Gloss clasped her brown hand and her eyes danced.

"Oh," she begged, "won't you let me come too? I want to see all those things." "I surely do."

"Tut-tut," scolded Peeler, screwing up his face, "that wouldn't do at all. I'm tellin' too much. 'I'm a poor hand at keepin' secrets.'"

He plunged among the trees, his face frowning and his eyes laughing, and when he had put one of the wide ridges between himself and Gloss he clasped his hands and laughed like a boy.

"She don't know that Bill is gettin' all this costly finery for her. Bless her," he murmured, wiping his eyes. "She don't suspect a thing—not a thing. God bless her dear heart. Ah, but all the silver-fox hides in all this big woods couldn't make a coat good enough for our girl, let alone six as Bill has. But it's Bill's little wish," he added; "it's just Bill's little wish. And Bill's one of God's big men."

Bill scarcely looked his part on this particular evening. Peeler found him sitting just outside his home, his sleeves rolled up to his elbows, and his sinewy arms shining with bear-oil. Across his seamed face were a number of greasy smears, left there by brushing away a troublesome mosquito. Between his teeth he gripped a short clay pipe. At his feet lay a pile of traps, tangled together and red with rust.

"Got back, eh?" he grinned, as Peeler approached. "Get them things, Jim?"

"Sure Bill," and Peeler commenced emptying his pockets.

"Jim," said Paisley, "I guess I'd best have your good wife help me out on this coat. I thought maybe she'd do the linin'. Suppose she would?"

"Do I suppose? Well, I do better?" answered Peeler. "I know she will."

"Then don't empty out 'till you get home. I'll drop over tomorrow night. I've got to get these traps in shape if I'm goin' to do any trappin' this season. Who'd you see over at Bridgtown, Jim?"

"Just a few that Declute wants over to his loggin'," answered Peeler, seating himself on a bench, "an' that man Smythe who keeps the store."

"What do you think 'o that feller?" Paisley made a dip for the pan of bear-oil and started scrubbing another trap.

"Well, I don't just think I'm takin' to him much," replied Peeler. "I don't like the way he has of shiftn' his eyes, and he always seems to be expectin' somebody. He sort of makes me nervous. He tried to find out all about every person that lives here, but I wasn't sayin' much. Somehow I wish 'em Gray hadn't sold out his store to the feller, Bill. I don't know why, but I can't take to him."

"Pshaw," grunted Paisley, "I guess we're all too quick at takin' dislikes. I'll own I feel purty much the same as you. Did he tell you that he was hand in hand with Watson? I have not seen Watson yet, but I'm anxious to meet him."

"He was askin' me about Widder Ross," said Peeler. "Wanted to know how much property she owned, and all that. Said that he liked her—what he had seen of her."

Your Eyes

Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smarting, just Eye Comfort. At Your Druggists or by mail 60c per Bottle. For Book of the Eye free write to Murine Eye Remedy Co., Chicago.

Finest Thing Ever For Chronic Catarrh!

Gets Away From the Medicine Habit. Cures by Novel Method

With the many remedies you have tried you surely know that no liquid medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catrhonez it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat, and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dropping of mucus in the throat, hawking, spitting and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catrhonez. Large outfit lasts two months, costs \$1.00; small size 50 cents, trial size 25 cents, at dealers everywhere.

Paisley dropped his trap and stared through the twilight at his friend.

"Buy gum?" he exclaimed, "what do you think of that?"

"He told me quite a lot of things, about Colonel Hallbut," said Peeler, coming over and seating himself close beside Paisley. "Bill, it looks as if Hallbut was bound to scoop us off this place. Smythe says he is a bad man to hinder, once he has made up his mind. He says as both him and Watson is in sympathy with us, and if we'll only let on we're agreeable to leave, that him and Watson'll see he don't get hold of the leascs."

Paisley took his pipe from his mouth and laid it on a nearby block.

"Jim," he said, "I don't know this man Smythe very well, but you can bet on this—the man's a liar. Him and Watson are hand in hand with old Hallbut, and it's my impression they're all a pack of rascals. Hallbut threatens to drive us into the bay if we refuse to be reasonable—as he calls it. I was talkin' to one of the fellers who runs that mill of his this afternoon, and he says Hallbut rides over to Bridgtown most every day and lays plans with Smythe and Watson. He said as today Hallbut intended goin' over there. Didn't see him, I suppose?"

Peeler shook his head.

"No, but I met Watson tonight—him and Simpson."

"There you are," cried Paisley; "there you are. Watson intended to come here today, and you can bet that old reprobate Hallbut has a hand in anything Watson does."

"Then you think them fellers are goin' to try some funny work, do you Bill?"

"Jim," answered Paisley, "it's my opinion that there's goin' to be trouble here soon. Them people have laid plans to get our woods, and of course we'll naturally see that they don't. But what I'm afraid of is that Boy McTavish is goin' to kill some body sure. You know what he's like. Jim, so I want to ask you to do this; no matter what you see or hear, don't tell Boy. I've just about raised him, you might say, and I know his moods. There's enough trouble over there at Big Mac's now. If we just keep cool everything'll come out right. We'll keep our eyes and ears open, and whatever we see or hear we'll try to meet without Boy knowin' anythin' about it: What d'ye say, Jim?"

"Sure," answered Peeler. "I think same's you, Bill. It won't do to be too hasty if things come to the worst, which I hope they won't."

"Amun to that," said Paisley fervently. "I trust there'll be no trouble, Jim. Old Injun Noah was here today, and I could see that somethin' was worryin' him. You know he won't talk—only to Gloss; so I could not get anythin' out of him."

"When old Noah worries there's somethin' in the wind alright," said Peeler. "Good old Noah!"

"He stayed here with me quite a time," said Paisley, "and he never said a word till he was leavin'. Then he said:

"'Bushwhacker no shoot, no kill big man. That mean bad, bad for bushwhacker. Bushwhacker wait—wait and see.' And before I could ask him anythin' he was gone."

"He comes mysterious and he goes

mysterious," said Peeler slowly, "but I reckon he knows even more than we do about old Hallbut and his gang."

He arose and walked toward the path.

"Will you come over to Big Mac's?" Bill, he asked.

"Sure I will."

Paisley dived into the house, washed his hands and face, threw on a jacket, and came forth a bright and smiling six feet of manhood.

"I'm wantin' to see the little sick woman," said Peeler, "and hear Big Mac's fiddle again."

"Boy was here this mornin'," said Bill as the two struck off down the path, "and he says the ma is awful sick. I guess she won't be stayin' long."

When the men reached the McTavish home night had fallen, and a big moon was lifting her face from the forest far eastward.

A damp wind off the bay bore on its wings the scent of bog and marsh, and from high overhead came the wing-songs of infying wild ducks. From inside came the music of the fiddle playing "Ye Banks and Braes."

(To be continued.)

St. Isidore, P. Q. Aug. 18, 1894.

Minard's Liniment Co., Limited. Gentlemen—I have frequently used MINARD'S LINIMENT and also prescribe it for my patients always with the most gratifying results, and I consider it the best all-round liniment extant.

Yours truly,
DR. JOS. AUG. SIROIS.

Most men's tempers are fairly decent when they are sound asleep.

There is always a chance that an opportunity may be connected with a galvanic battery.

Let Cuticura Be Your Beauty Doctor

The Soap to Purify Ointment to Soothe

Let Cuticura be your beauty doctor, one that really does something to purify and beautify your hair and skin. Bathe with Cuticura Soap and hot water to cleanse the pores. If signs of redness, roughness or eruptions are present, or dandruff on scalp, touch gently with Cuticura Ointment before bathing or shampooing. For every purpose of the toilet, bath and nursery Cuticura Soap and Ointment are ideal. Absolutely nothing better. Soap 25c. Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Lynsye, Limited, St. Paul St., Montreal. 100% Cuticura Soap shaves without mug.

German Air Trip Round the World

A non-stop dirigible flight around the world will be attempted by the Zeppelin Dirigible Balloon builders in Germany within the next twelve months, according to a statement in New York by Major Charles J. Glidden, an official of the aero club of America.

Canada's Fisheries

Although the total catch of sea fish in Canada in the month of June was 22,104 cwt. less than in June, 1919, its total value was \$576,518 greater. The total value of the June catch at the points of landing was \$3,586,776 as against \$3,019,250 in the same month last year.

Cordor Fabric

Extravagant claims and exaggerated statements may sell tires—but they can never make tires give mileage or service.

About Partridge Tires little need be said. Their reputation for durability and dependability under all road conditions, justifies the statement "You can't buy better tires."

PARTRIDGE TIRES

Game as Their Name

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like 14 Karat on gold. It positively identifies the only genuine Aspirin. Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. For over nineteen years and now made in Canada.

Always buy an unbroken package. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

WIDE TRIBUNAL FOR MAINTAINING PEACE OF WORLD

INTERNATIONAL LAW COURT

Viscount Cave Advocates Standing Tribunal to Interpret and Administer the Law

St. Louis, Mo.—A plea for an international tribunal of justice to secure world order, freedom and peace, was made by Viscount Cave in an address before the convention of the American Bar association.

"It is surely time," the Viscount said, "that all the civilized nations should combine to set up a court of international law. There can be no effective international law until there is some standing tribunal composed of men of outstanding ability who have the confidence of the civilized world and are authorized on the application of any nation aggrieved to interpret and administer the law."

"I hope that I am not too sanguine in believing that the foundation of such a tribunal were well and truly laid, on the first day of July last. I am in no way concerned today with a question which as I gather, is not at this moment in perfect harmony—but I mean the League of Nations. Let there be no mistake, this will come into effect and international law will elucidate it."

Warning against radicalism, Viscount Cave declared revolutionary trouble threatened England, but predicted England would "pull through."

Sir Auckland Geddes, British ambassador to the United States, in an address, pictured the Bolsheviks as enemies of Democracy. He prefaced his address with a denial of charges of Congressional Britten, Illinois, that Great Britain has appropriated approximately \$87,500 to be used in this country for democratic committee purposes.

Necessity of Conserving Fish.
Vancouver, B. C.—That he fully appreciated the necessity of conserving the fish of the Pacific Coast by all means possible, though he did not favor handing the administration of the British Columbia fisheries over to the provincial government there, was the assurance which Hon. C. C. Bantyne, federal minister of marine and fisheries, gave Hon. William Sloan, minister of mines and commerce for British Columbia, during a conference with the fisheries minister.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease; but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy golden gleams and tender tints.

The youthful glints, tints and color are again in your hair. "Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on the bottle.

W. N. U. 1331.

Plan Trans-Continental Flight

Expect to Make Trip From Halifax To Vancouver in Record Time

Ottawa.—A trans-Canada flight, half-way by sea-plane and halfway by airplane, is contemplated by the Canadian air board, the efforts to be next month, according to a statement just issued by Hon. Hugh Guthrie, chairman of the board. It is felt the work of the board has now advanced to such an extent that some practical demonstration should be given of the possibilities of air navigation.

It is proposed to make a start from Halifax and to reach Vancouver, B. C. with stops en route at Sault Ste. Marie, Winnipeg, Calgary and other places. Should wind and weather conditions prove favorable, this trip may be made in between 40 and 50 hours including the time of stops.

Devonshire Coming West

Ottawa.—The Duke of Devonshire, accompanied by the duchess and other members of the vice-regal family, will leave Ottawa about September 7 for an extended trip to the west. This trip, it is understood, will be similar to the one undertaken last year.

Rate Decision Expected

Ottawa.—The decision of the board of railway commissioners in the application of Canadian railways for increased rates will probably be forthcoming within a week, Chief Commissioner Carvell has stated.

NEWS OF THE PROVINCES

MANITOBA

Winnipeg.—During the first six months of this year 12,869 immigrants from Europe and the United States passed through Winnipeg on their way west, carrying with them more than \$6,000,000 in cash and goods worth about \$2,000,000.

Plum Coulee, Man.—Bargars who moved a small safe half a mile at Hornead, near here, secured only \$20 for their trouble. The safe was taken from the office of the Winkler Lumber Company, and was blown up half a mile away.

SASKATCHEWAN

Regina.—With the exception of a few districts, there is little shortage of harvest labor in the province; according to the provincial bureau of labor. In the Regina district all the vacancies have been filled and there is no shortage or congestion.

Saskatoon.—Highop Franz Harder, of the Mennonite church, was sentenced to serve thirty days in jail for refusing to obey the Saskatchewan school laws. He would not pay a fine of \$10, so the court ordered imprisonment.

ALBERTA

Calgary.—The Southern Alberta oil company, which has a 40-barrel-a-day well 45 miles southwest of Calgary, has declared a dividend of 15 percent. This is the third successive year that the dividend has exceeded ten percent. Its product is used almost exclusively for tractors.

Edmonton.—Harvest leave to all municipal employees, permanent or temporary, in all departments, time off to be without pay, was granted by His Worship Mayor Clarke on his return to Edmonton after an absence of five weeks.

Edmonton.—Postal workers in conference here have decided on strict adherence to the 44-hour week.

BRITISH COLUMBIA

Victoria.—Names placed on the provincial voters' lists as a result of the recent registration number 202,017, or 45,000 more than the total of 1919.

Victoria, B. C.—So far this season there have been 734 forest fires in British Columbia costing the government more than \$71,458, according to the latest fire report issued by the government. "Conditions are somewhat improved, but are still dangerous," the report says.

GREAT BRITAIN FACED WITH A SERIOUS CRISIS

THREATENED COAL STRIKE

Situation in England is Clouded With Political and Social Dangers

Montreal.—In an interview here, Lord Beaverbrook, proprietor of the London Daily Express, who has just arrived here from New York, stated that the threatened coal strike was incomparably the most important question in England today.

"Here we are faced with the most serious crisis in the world's history," he added that no one seriously doubted, but that the strike would take place, and that the situation in England was big with political and social dangers. He stated that Premier Millerand's prestige had been increased immensely by the Polish victories and that he now dictates the policy of the Allies.

Want Protection Against Harvesters

Protest Made to Dominion Government of Travelling Conditions of Harvesters

Cochrane, Ont.—Strong protests have been made to the Dominion government by the local board of trade regarding the conditions under which harvesters to the west travel, following the recent trouble at Kapuskasing and O'Brien. The board thinks that for "sparsely peopled districts like ours," there should be some special protection provided, and urges "immediate action to compel a complete change in the mode of travel in these harvesters and also to afford protection to the localities effected so as to obviate residents of such localities having to take the law into their own hands and protect their property and lives at the point of the gun."

Copies of the resolution have been sent to Hon. F. B. Carvell, chairman of the Dominion Railway Board, D. B. Hanna, Premier McLaughlin and the Hon. J. D. Reid, minister of railways.

Purchase by Manitoba Farmers

Winnipeg.—One of the most important farm land deals negotiated for some time in Manitoba has been concluded. Senator Aime Benard and E. Laflèche acquired the Strathcona farm for \$150,000.

The farm, which consists of 2,500 acres all in wheat, is situated at Calmar, 15 miles west of Winnipeg.

500 on Strike Over \$5 Dispute

Sydney, N. S.—Because of a dispute over an employees time-sheet, involving a sum of about five dollars, 500 miners are on strike at Glace Bay, and No. 9 colliery, one of the most important producers of the district, is idle.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yatenman, Krugersdorf, Ont., writes:—"I feel that I must write and tell you of the benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The J. Milburn Co., Limited, Toronto, Ont.

Harvesting the Wheat Crop

Binder and Thresher Heard from One End of the West to The Other

Winnipeg.—Assisted by 30,000 harvesters from eastern Canada, the farmers of the prairie provinces are taking off their crops. The sound of the binder and the thresher is heard from one end of this western country to the other, according to a report of the Canadian National railways dealing with conditions along their lines.

Most points send favorable reports. There appears to have been little damage from hail and rust, and only one or two points report any damage from frost. Generally, speaking, the weather is favorable for harvesting, and for the ripening of late grain crops.

Points in Manitoba report that great progress has been made in cutting up to the end of last week, and threshing was general. In some districts cutting was completed, in others from 15 to 50 percent of this work was done. Erickdale reports a large acreage destroyed by fire. Reports coming in show excellent to only fair. Saskatchewan's cutting is in full swing, and threshing has commenced in many places, except in a few points where rain has delayed the harvesting.

Dealing With Soldiers' Problems

Well Over A Million Cases Dealt With by S. C. R.

Ottawa.—Some interesting details of the work of the soldiers' civil re-establishment department are furnished in a statement just issued. The total number of enquiries and problems dealt with and directly affecting men under the scheme, is 1,218,472, and this, up to the present time.

It is expected that before the bulk of the work is completed, which will be about the end of the present year, this total will run to one million and a half.

It is expected that before the bulk of the work is completed, which will be about the end of the present year, this total will run to one million and a half.

The statistics show that the total number of men who have received medical treatment with pay and allowances is 49,369, the total number of clinical treatments is 422,235 and the total of dental operations is 84,576.

Unemployment in East

Hamilton, Ont.—There is more unemployment in this city now than for many months. Many men are coming here from outside points seeking for work, but without success. It is said that there is even more female help available than there is employment for in offices and factories, but the supply of domestics is below the demand.

Inoxicated Driver's Severe Sentence

Hamilton.—Wilfred Perry, of Toronto, arrested on a charge of being drunk while in charge of an automobile, was severely punished by Magistrate Jeffs.

He was fined \$20, and sentenced to 30 days on the first count, and for having a bottle of liquor in his possession he was sent down for three months without the option of a fine.

Successfully Plug Gas Well

Calgary, Alta.—The gas well of the Canadian Cement company, which has been blowing wild for five or six years, has been finally plugged by officials of the mining lands, and Yukon branch of the Dominion government, after efforts of noted engineers from all over the continent had failed. Over 5,000 cubic feet of mud was pumped into the well.

Openings For Canadian Cadets

St. John, N. B.—Military headquarters here reports that a limited number of vacancies at the Royal Military academy, Woolwich, and the Royal Military College, Sandhurst, England, have been allotted to the Canadian government for nominations. Ages are between 17 and 18.

DESTRUCTION OF SOVIET ARMIES NOW COMPLETE

POLES TAKE 80,000 PRISONERS

Great Quantity of Guns and Ammunition Fall into Hands of The Poles

Paris.—The destruction of the Bolshevik armies now may be considered complete, according to advices received here. Of the host which swept down on Warsaw, nothing is left but 30,000 fugitives. The Poles have taken 80,000 prisoners thus far, but what is more important they have captured great quantities of guns and materials.

During the past three days there has been heavy fighting in the marshy valleys of the Narew between Ostrolenka and Lomza, where the Reds sought to break through in the direction of Bialystok. The losses have been heavy on both sides. On August 23 the Poles carried all the passages of the river. The Prussian frontier as far as Myszyniec is now occupied by the Poles. All the Red troops west of the line of Ostrolenka-Myszyniec have been captured. The exact number of cannon abandoned is not yet known. Detachments of cavalry and infantry which escaped proceeded northward, along the line of the lakes and marshes between the fortresses of Ossowiec and Grodno.

Profiting by the re-grouping of the Polish army, the Reds again invaded Galicia. General Budenny made a dash for Lemberg but has been defeated and is in flight. Another detachment crossed the Dnieper and occupied Strype. This detachment sought to destroy the Boryslav oil wells, but was driven off by local workmen. In the region of Cholm, a Bolshevik attack was repelled by troops occupied to the right of the Bug.

End of the C.E.F.

Will Carefully Preserve All Documents Relating to Ex-Members Of the Army

Ottawa.—The Canadian expeditionary force is no more.

The fourteen N.C.O.'s who were employed to conclude the statistical work of the army have written "30" on the concluding page of a mass of records covering every unit and every man who ever donned a Canadian uniform. Just the number of records kept of every individual man would come as a surprise to even the soldier whose records they are. The militia department has original and duplicates of about twenty-one army forms relating to every one who served. Asked what was going to be done with the thousands of apparently useless books and army forms, a militia department official stated that they would be carefully preserved and locked away.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California Syrup of Figs" only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. You must say "California."

New Prov. School of Agriculture at Youngstown, Alberta

Buildings Nearing Completion and Will be Ready for the Opening of the School Term on October 20th.

The building of the new Provincial School of Agriculture at Youngstown is progressing favorably, and the prospects are that all will be ready for the opening of the regular School term on Oct. 20th. The building is fully modern in every respect and is to be equipped with the most up-to-date conveniences and furnishings in the classrooms.

The barns are also being built and stock are to be brought in at an early date. A silo is being erected at the school in readiness to receive the sunflowers that are to furnish the ensilage for winterfeed.

Everything points to a very successful start for the new School. Under the present distribution of territory this district is tributary to the Youngstown School. Applications are now being received. Boys and girls of the age of sixteen years and over are invited to write for information, a outline of the course of studies, and application for admittance forms to R. M. Scott, Principal, School of Agriculture, Youngstown. Watch this paper for their advertisement in an early issue. The course covers two winter terms of five months each and is absolutely free. It is the School for farm boys and girls.

Dudley McIntyre returned on Tuesday last after disposing of a car load of horses for H. T. Sharlow, at the Ermineskin Reserve, Wetaskiwin.

A Change of Mind

Boredom Not Always Overcome By A Change of Scenery

Physicians are in the habit of prescribing a change of scene, a change of diet, or a change of climate. They know that the human system periodically requires it. It is rather a pity that they do not more frequently advise a change of mind. People are dashing madly about in all directions—to the Highlands or to the Continent—in a desperate attempt to leave boredom behind somewhere en route. They seldom succeed. If they would try a change of mind, eliminating a lot of worn-out prejudices and ideas, they would be astonished at the result. The world would appear a different place—they might even find that their neighbors were quite decent folks, and that romance still lives in ordinary life. It isn't always the liver that needs toning up.—London Express.

Trade Agreement With West Indies

The new trade agreement concluded recently between Canada and the British West Indies has now been made public. It provides for an increase in the mutual preference from 20 to 50 percent; it extends the free list, and makes arrangements for an increased steamship service—a weekly service between Canada and the eastern group of the British West Indies, and a fortnightly service with the Western group.

Pains About the Heart

ANY derangement of the heart's action is alarming. Frequently pains, about the heart are caused by the formation of gas arising from indigestion.

Relief from this condition is obtained by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion results from sluggish liver action, constipation of the bowels and inactive kidneys.

Because Dr. Chase's Kidney-Liver Pills arouse these organs to activity they thoroughly cure indigestion and overcome the many annoying symptoms.

Dr. Chase's Kidney-Liver Pills

Prince Edward Island Is Wealthiest Province

Over Eighty Percent of Population Live on Farms

Which province of the Dominion has the greatest wealth per head of the population? Most Canadians would be surprised to learn that it is the isolated province of Prince Edward Island. Agriculture and fox-breeding have brought about this happy state of things for the "Red Islanders." Well over 80 percent of the population live on the farm. They produce almost all they require to support existence, and there are not large towns to lure the youth away from the pleasures as well as the labors of country life.

Prince Edward Island is not only the wealthiest province, but also the most populous, proportionately to its area.

The ivy is the ancient badge of the Gordon clan.

Keep the Bowels Regular and You'll be Healthy

For a Quarter You Can Assist Them Wonderfully With Dr. Hamilton's Pills

You'll never have health if the bowels are inactive. By keeping them right you ensure a clean, wholesome body. Why wait for constipation to clog up and sicken the whole system—use Dr. Hamilton's Pills—they are the finest, mildest laxative known; they strengthen into the muscles of the stomach and never injure the delicate lining of the bowels. They get you in the habit of performing a certain function at a certain time, and thereby restore normal conditions. Dr. Hamilton's Pills are best because they help nature help herself, and thereby keep the stomach strong, digestion good, blood pure, complexion clear, spirits bright and happy. Price 25c.

Meq fall down because they miscalcule the width of the ditch.

Minard's Liment for Burns, etc.

Every man has his worthless days, but if he does not fight them every day will become his worthless day.

Miller's Worm Powders can do no injury to the most delicate child. Any child, infant or in the state of adolescence, who is infested with worms can take this preparation without a qualm of the stomach, and will find in it sure relief and a full protection from these destructive pests, which are responsible for much sickness and great suffering to legions of little ones.

To Propagate Reindeer

Plan to Increase and Domesticate the Herd in Labrador

Captain A. H. Living, of the Dominion Parks branch, has been appointed to go to Labrador with the object of taking charge of plans to increase and domesticate the reindeer herd there. At the present time there are about 150 head of reindeer in that locality and it is the ultimate intention of the department to supply the missionaries and the people of the Hudson Bay territory with both a food and transportation system. In order to accomplish this, Captain Living will have to spend the next four or five years travelling various parts of the territory, and for a large portion of the time he will be out of touch with the civilized world. The project has been under consideration for several years, but was held up owing to the war. Captain Living, who has had many years' experience in northern Ontario, Quebec, Alberta and British Columbia, left Ottawa for Quebec, taking on supplies there, and leaving immediately for the northern coast. Captain Living served nearly five years with the Canadian forces and saw active service in France.

Praises This Asthma Remedy. A grateful user of Dr. J. D. Kellogg's Asthma Remedy finds it the only remedy that will give relief, though for thirteen years he had sought other help. Years of needless suffering may be prevented by using this wonderful remedy at the first warning of trouble. Its use is simple, its cost slight and it can be purchased almost anywhere.

W. N. U. 1331.

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

"GILLETT'S LYE EATS DIRT"

Made in Canada.

Australian Veterans Out of Employment

Found Conditions in England Entirely New to Them

More than ten thousand members of the Australian Imperial Force took their discharge in England in the confident hope of obtaining quickly remunerative employment, and some of them have fallen on their feet. A large number, however, up against labor conditions entirely new to them are out of work, and are finding it a very different matter from what it is under the sunny skies of Australia, where the temporary workless "hump the bluey" (shoulder their haversack) and cheerfully fare forth in search of employment.

To help these men the Australian and New Zealand Services Association has come to the rescue. With offices at 44 Chancery Lane, London, the problem of finding jobs is enthusiastically tackled. The association not only finds jobs but, when necessary, clothes and feeds the applicant first, to insure a good impression being made on the prospective employer.

How's This?

We offer \$100.00 for any case of CATARRH that cannot be cured by HALL'S CATARRH MEDICINE. HALL'S CATARRH MEDICINE is taken internally and acts upon the blood on the Mucous Surfaces of the System. Sold by druggists for over forty years. E. J. Cheney & Co., Toledo, Ohio. Price 75c. Testimonials free.

Educational Co-Operation

Let the parents visit the public schools. Let them become directly familiar with the work their children are doing. Let them form their own judgment as to the efficiency or inefficiency of the teachers. Let them go further than merely observing the current work of their children; let them visit the more advanced grades and form intelligent opinions as to the value of advanced work.

If, instead of spirits of camphor, camphorated oil be used in cleaning furniture, it will not only remove the white stains, but restore the polish.

THIS WOMAN'S MISERY

Ended by Lydia E. Pinkham's Vegetable Compound. Remarkable Recovery of Mrs. Church.

Smiths Falls, Ont.—"I suffered with falling of my organs, pains around my heart and in bowels and down my legs, neuralgia in face and head, and that terrible sinking feeling. I felt that I could not live and would fix my house in order every night so there would be no trouble if I dropped off in the night. My husband went to the druggist to get the best remedy he had and he gave him Lydia E. Pinkham's Vegetable Compound. I took six bottles and felt a lot better. I will always recommend the Vegetable Compound, and you can use these facts as a testimonial."—Mrs. J. O. Church, Box 846, Smiths Falls, Ont.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills. If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

House Shortage in Winnipeg

It is estimated by the chairman of the City Housing Commission that 2,000 houses must be built each year to take care of the normal increase in the Winnipeg population.

The man who gets a black eye generally deserves it.

WHY BEAUTY FADES

A Condition Due Entirely to Poor Blood

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the first warning symptom of a thinning blood that must not be disregarded if her health is to be preserved.

When the blood becomes thin and impure the patient becomes pale, haggard and angular. She not only tires out easily, but suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite. This condition will go from bad to worse, if prompt steps are not taken to increase and enrich the blood supply. To make the rich, red blood that brings the glow of health, no other medicine can equal Dr. Williams' Pink Pills. If given a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits. Dr. Williams' Pink Pills have made thousands of pale, languid girls active and strong. On the first sign of poor, thin blood, mothers should insist upon their daughters taking a fair course of these pills. They will not only restore health, but will save further doctors' bills.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Prince Wins All Hearts

Good Work Accomplished Wherever He Goes

It would be difficult to overestimate the influence which this delightful fraternization of the Prince with the people of the Dominions will have—there can be no doubt that he will make the same conquest of hearts wherever he goes. The affection with which our soldiers learned to regard the Prince in France will be strengthened by the renewal of their intercourse with him. Wherever he has been he has regarded them as the most important person in the company. His keen eye has picked them out, and he has, without ceremony, left the surrounding dignitaries to chat with them—Melbourne Argus.

The grass does not quit because it is stepped on.

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graves' Worm Exterminator will clear the stomach and intestines and restore healthfulness.

The longest ship canal in the world is the Suez canal, which measures 37 miles. Kiel canal, comes next with 61 miles, and Panama third with 40 miles.

A Simple and Cheap Medicine—A simple, cheap and effective medicine is something to be desired. There is no medicine so effective a regulator of the digestive system as Earmee's Vegetable Pills. They are simple, they are cheap, they can be got anywhere, and their beneficial action will prove their recommendation. They are the means by which the poor man and those who wish to escape doctors' bills will do well in giving them a trial.

Why is the candy shop always on the ground floor and the dentist's office four flights up?

Minard's Liment Relieves Neuralgia

Italy's perfume manufacturers consume 1,800 tons of orange blossoms, 900 tons of roses, 150 tons of jasmine and violets and 15 tons of jonquils annually.

SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in package.

"CORN"

Lift Right Off. Without Pain

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with the fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Stereotyping was invented in 1725, plaster casts being used in the original process.

ECZEMA

You are not experimenting when you use Dr. Chase's Ointment. It relieves at once and gradually heals the skin. Sample bottles of Chase's Ointment free if you mention this paper and send 10 stamps for postage. 60c a box; all dealers or Edmundson, Bales & Co., Limited, Toronto.

COME IN! and LOOK AROUND

The Olson & Likness Hardware Kirriemuir Alta.

Your attention is drawn to the advertisement appearing in this issue, re the "Maple Leaf". This entertainment is put on by a party of returned soldiers, and consists of an entirely original Musical Revue as given before the boys at the front. A real evenings entertainment is guaranteed, and we would suggest that you be present and see for your self. The Wallace Graham Companies are in a class by themselves, and the kind of entertainment that everyone can enjoy. Be on hand at the Big Hall on September 14th.
